Ref: 49467-1 M dated 21-3-51.

Sir,

Sub: Nursing staff - Government Headquarters Hospital, Mangalore employment of a Nursing Superintendent.III Grade and Head Nurse - Proposals.

23167

- - - -

The Government Headquarters Hospital, Mangalore is a partial training centre for pupil nurses. The hospital has a bed strength of 116. The need for the employment of a Nursing Superintendent III Grade, has been felt for some time past in view of the fact that the Hospital is a training centre for pupil nurses. At present the sanctioned staff for the teaching of pupil Nurses, is only one Head Nurse, which is quite inadequate. With reference to G.O.No.1127 P.H. dated 27-4-25 a hospital with a bed strength of 100 or more, whether training centre for nurse pupils or not is eligible to employ a Nursing Superintendent not below the rank of the III Grade. Further, of late, the work relating to the Nursing administration has considerabl increased and the need for the employment additional Nursing staff in the Hospital is keenly felt. In the circumstances, it is requested that the Government will kindly sanction the employment of one Nursing Superintendent III Grade and one additional Head Nurse for the Government Headquarters Hospital, Mangalore. In this connection, it is submitted that the Government have already sanctioned Nursing Superintendent's Grade III for the remaining two partial centres viz., Kozhikode and Salem.

Finance (EIII)

The Govt Headquarters Hospital, Mangalore has a sanctioned bed strength of 116. At present the sanctioned staff for the teaching of pupil nurses is only one Head Nurse. It is reported that the present staff is quite inadequate and that an addl staff of one Nursing Superintendent Gr III and one Head Nurse is necessary for this hospital. The Dy. D.M.S has therefore proposed the employment of the addl staff above. The Health Dept have recommended the proposal. The extra cost on the employment of the addl staff works out to Rs 6,200/- roundly p.a recurring and Rs 700/- non-recurring.

2. The Govt Headquarters Hospital, Mangalore is eligible for the employment of a Nursing Superintendent Gr III and two Head Nurses, with reference to the standard scale prescribed in G.O. No 1127 P.H. dt 27-4-'45. As there is only one Head Nurse in the institution at present, the addl staff now proposed is admissible under the standard scale. It may however be mentioned in this connection that proposals of this kind are generally treated as Part II Schemes. As there seems to be no special urgency for sanctioning the addl staff for the current year itself, Finance may advise

that the proposal may be treated as Part II Scheme for 1952-53. If however Health Dept wish to press for their proposal, they may be requested to obtain orders in circulation including Hon'ble Fin. and H.C.M., as the extra cost involved exceeds Rs 5,000/- p.a. recurring.

NOTE FOR CIRCULATION.

The proposal relates to the employment of a Nursing Superintendent, III Grade and a Head Nurse in the Govt.H.Q.Hl.Mangalore, temporarily for a period of one year from the date of appointment. The extra cost involved in the proposal is Rs. 6700 (recurring-ultimate cost) and Rs.700 (non-recurring).

2. Finance department have accepted the proposal, as the addl.staff asked for is admissible under the standard scale. But they have suggested that there seems to be no special urgency for the addl.staff in the current year and that the proposal might be treated as a part II scheme for 1952-53. They have, however, stated that if this department press the employment of the staff in the current year, orders might be taken in circulation.

3. The D.M.S., has reported that the need for a Nursing Supdt., III Grade is keenly felt as the Headquarters Hospital, Mangalore is a training centre for nurse pupils and the work relating to the nursing administration has considerably increased , necessitating the employment of addl.

nursing staff.

The sanctioned bed strength of the H.Q.Hl. Mangalore is 116, but the daily average number of inpatients even in 1949 was 154. The S.G. has asked for the employment of addl.staff with reference to the sanctioned bed strength. As the inpatients in the hospital has increased by 50 percent over and above the sanctioned strength, the D.M.S's statement that the employment of addl.nursing staff in the hospital is keenly felt, should be given due consideration.

I agree. The hospital is badly understaffed SRK

This department may press the proposal. and The case may be circulated to H.H.(Health), H.M.(Fin.), and H.C.M. for approval of the draft order on page 1 ante.
